Tigers Lose 20-0 in Heartbreaker

Holland's Men Gain 12 First-downs to 6 for Bowling Green Team Friday Night

Held by fate of fortune scoreless during a game in which they piled up 12 first-downs to 6 for the opposition, Coach Preston Holland's Murray High School Tigers Friday night in Bowling Green, bitterly saw the Purples of College High take advantage of breaks and win 20-0.

It was a heart-breaking defeat for a team that more than doubled the offensive strength of the Purples all evening.

Bowling Green's first touchdown came as the result of a poor pass from center, the ball rolling behind the Murray goal line where it was pounced on by a Purple.

After a series of successive first-downs, the Tigers drove to Bowling Green's 5-yard stripe, where Fenton lost a lateral.

A Bowling Green man intercepting it to run 35 yards for the touchdown. Straight football in the last period gave the College High team its third touchdown.

Murray plays Marion here tomorrow afternoon at 2 o'clock in a Homecoming encounter.

Many Attend Alley For Bowling During Week Night Evenings

Since the opening of Hamp Eubridge's bowling alley on Main street near the Capitol Theatre, many Murrians have been gaining happy recreation there each evening.

According to those who have bowled, pushing the heavy ball down the alley just at the right spin and speed to knock the pins over is distinctly an art.

Eubridge says his bowling room is both wholesome and clean, strictly orderly, and both men and women play there. Among those winning prizes for the quality of their play recently were Bill Whitnell, Toy Williams, Ed Burnett, Claude Anderson, and Winifred Allison.

Barkley Believes WPA Will Grant Funds for Park

F. C. Harrington, chairman of work projects in Washington, in a letter to Alben W. Barkley who had asked consideration on an application for a WPA grant to construct a municipal park for Murray, declared the application "is now undergoing necessary examination and review" and added that "every effort will be made to expedite final action."

Senator Barkley in a letter to Chamber of Commerce Secretary T. T. Elkins, who had asked the Senator to intercede in behalf of the application expressed confidence the WPA would make the grant for the park.

The park, should it be authorized, would be located two miles north of Murray, and would contain a golf course, tennis courts, baseball and softball diamonds, a clubhouse, and other recreational facilities.

Mr. and Mrs. John Ezell have moved from the Mrs. Bobbie Adams' house to S. E. Haneline's.

POLITICS GET HOT AS ELECTION DATE NEARS IN COUNTY

Record Vote is Hoped For As Schools are Urged to Take Part at Polls

BARKLEY, CHANDLER MAY APPEAR HERE

Politics in Calloway county neared their most momentous period of activity this week before the general election November 7. Democratic leaders were hopeful of influencing a record vote in this unwavering Democratic county.

A rally of the majority party here Tuesday night paved the way for continued unified action as Chairman Dewey Ragdale and Ira E. Fox, with the cooperation of Young Democrats president Hiram Tucker, defined plans for the last week of the campaign.

Attorney General Hubert E. Meredith is scheduled to deliver an address in behalf of the party here Saturday afternoon, supplementing previous speeches before Calloway audiences here by Assistant Attorney General A. E. Funk last Thursday and Hecht Lackey last Saturday.

Schools were asked to cooperate in influencing both Democrats and Republicans to vote at their respective polling precincts November 7, the schools whose influence in each district accounted for the most votes gaining cash prizes given by Democratic headquarters here.

A parade to consist of more than 100 cars was planned to meet Senators Alben W. Barkley and A. B. Chandler and escort them to Murray for addresses on November 4 should they find it convenient to get away from Washington to take part in the West Kentucky tour on this date.

More than 9,000 Democrats and 1,100 Republicans are eligible through registration to vote in the general election, it was made known here by County Court Clerk Mary Russell Williams after the deadline date for registration was reached in September.

Pep Meeting and Student Rally to Aid Homecoming

Motion Pictures of Game to Amuse Interest in Tussle Between Murray and Marion

A special pep meeting and rally of students and alumni will take place in the Murray High school auditorium as a part of the Homecoming program Friday morning at 8:30. Coach Preston Holland said this morning.

School officials are urging all alumni of Murray high school to be present Friday morning in chapel, when the team will be introduced and short impromptu speeches will be heard from the floor. Stunts will also be given by the students, and the band will play.

Moving pictures of the band in action and play-by-play pictures of the game will be taken. Coach Holland said extra seats were being put in the stadium to take care of the overflow crowd which annually attends the Homecoming game.

All stores in Murray will be closed during the game.

Sportsman's Club To Show Films At Hunters' Convention

President Hatford Parker said today the Sportsman's Club will present a motion picture of wild life at the assembly period of the West Kentucky Fox-Hunters Association in the Bunny Parris barn Friday night.

The club tried out the film at the city hall Tuesday night and showed it at Hazel last night. One of the most active organizations of its kind in Kentucky the Murray Sportsman's Club is recognized in the Kentucky Game and Fish Commission as one of the leading Kentucky clubs.

Ministerial Dates In Hazel Circuit

Eld. K. G. Dunn, pastor of the South Pleasant Grove Methodist church, said Tuesday there will be preaching services Sunday morning at 11 o'clock at the institution, with the pastor delivering the sermon. Sunday school, he said, will begin promptly at 10 o'clock.

Ministerial services at New Providence Sunday afternoon will be conducted at 3 o'clock instead of 2 o'clock, and will be the last conference service there this conference year.

Elder Dunn suggested that all members on the Hazel circuit who have not met all their obligations in full to the church see their missionary committee or steward and attend to the duty at once, since only two weeks remain before the Conference meets.

East Texas Licks Murray by 27-6

(Continued From Page 1)

East Texas Lions came roaring out of the southwest Saturday night to ride the Murray College thoroughbreds to a 27 to 6 beating before 2,700 fans who gathered at Keller Field in Paducah for the Junior Chamber of Commerce's second annual college football game and saw a rare exhibition of ball-carrying and passing by the huskies from the lone star state.

Many from Murray attended the game, driving over during the evening, and even in the afternoon to take part in the parade, or going on the special train which left Murray at 1:30.

The Murray College band paraded through downtown Paducah at 3:30 Saturday afternoon, and vast crowds lined either street to watch. During the half, the band performed the "black-out" show, singing "I Poured My Heart Into a Song."

ZANE GREY, NOTED NOVELIST, VICTIM OF HEART ATTACK

Author of 50 Books Made
Old West a Reality For
Millions in U. S.

ALTADENA, Calif., Oct. 26.—Zane Grey, whose prolific pen converted a romantic picture of the old west into colorful reality for millions of readers, died Monday.

The 54-year-old former dentist who wrote more than 50 novels—all of them in longhand—suffered a sudden heart attack at his palatial home.

His family said that, although he was under treatment for a heart ailment, he had appeared in excellent spirits. He had a slight attack of indigestion Sunday but said it was "nothing to worry about."

Four Survivors
He is survived by his widow and his three children, Homer, Loren and Betty, who is Mrs. Robert W. Carney.

Grey, who deserted dentistry after four years of unsuccessful practice in New York, wrote at the amazing rate of 100,000 words a month, never revising his manuscripts after the first draft. Mrs. Grey attended to all revision.

The writer, whose spectacularly successful book, "Riders of the Purple Sage," appeared in 1912, still was producing fiction regularly 35 years after publication of his first novel, "Betty Zane," in 1904.

Mrs. W. C. Nance, 83, Is Buried Saturday In Murray Cemetery

Mrs. W. C. Nance, 83, who died Thursday at the home of her daughter, Mrs. Frank Daniels, in Frankfort, was buried in the Murray cemetery Saturday afternoon after the Rev. Carroll Hubbard had conducted funeral services at the Memorial Baptist church earlier in the afternoon.

Mrs. Nance is survived by two sons, Toy Nance, Lynn Grove, and Hancy Nance, Paris; and two daughters, Mrs. Gertrude Crouch, Paris, and Mrs. Frank Daniels, Frankfort.

Knitting Workers

Zelma Carter, president of the Murray Chapter of the American Red Cross, released today names of persons who will lead the production program for the Red Cross in Calloway county.

They are Mrs. Hal Houston, chairman of production; Mrs. J. D. Rowlett, chairman of supplies and purchases; Mrs. Ethel Lassiter, chairman of cutting; Mrs. A. Carman, chairman of sewing; Mrs. F. E. Crawford, chairman of inspection; and Mrs. John Baker, chairman of packing.

The Public Library

If no one ever said that books are the civilizing mediums of the world, it is no less an undisputed and accepted fact that they are.

In the pages of books lie the heartbeats of a people climbing their stairway to the stars, lie the rudimentary beginnings and the accomplished epilogues, the struggle and the red hell and the reward, and on the basis of their cumulative whole, one is enabled to glimpse the vaguely evanescent paragon of the future.

So to the cooperative efforts of Murray State College, the Tennessee Valley Authority, and the Kentucky Library Commission to institute a system of public book-lending centers in this territory we say Ben Voyage.

It is our understanding that distributing centers for books would be set up in county seats, and borrowers from all over the individual county would be eligible to take the books without charge for a given time.

Naturally, the sponsors could not be responsible for the rental of buildings to house the library, nor the other expenses incidental to the operation of the unit. But nominal civic and community contributions would be expected to account for these. Likewise, books discarded by local residents would be gladly received by the library.

The idea, under consideration as to method by College Librarian Ellison L. Brown and Chamber of Commerce secretary T. T. Elkins, is worthy of deep respect.

It would mean the opening of a fountain flowing with wisdom, a vicarious and beautiful reincarnation of great lives, irrigation channels flowing with hope through areas long in hunger.

Wilson Was Right!

It was Woodrow Wilson, the American President, who alone in 1919 among the leaders of the successful nations wanted a peace without victory. He alone saw the consequences which were bound to arise from a treaty such as France and England would dictate.

But Lloyd George of England sided off a chunk of Germany here and Clemenceau of France cut off a portion there, and the Versailles Treaty at length became the mockery of an armistice which that treaty alone would not allow to last.

America refused to sign the Versailles Treaty, was as eager to condemn it as England and France were to ratify it.

Therein one sees, the farsightedness of one of America's great presidents, Woodrow Wilson. For England and France, the Versailles Treaty spelled a false security, an illusion of grandeur built on greed and hate and fear, but for Germany the Treaty of Versailles was a constant defeat. The people of no nation would always be thus humbled.

Had Wilson, who crossed the Atlantic with great dreams and was welcomed as a Messiah, been allowed to put into effect his "peace without victory" program, one is prone to believe the present tragic war would not now be raging in Europe.

Instead would exist a marvelously cooperative international European set-up, with each nation appreciative of the rights of others, and full of mutual respect and good will. No lasting peace is ever built on terms decreed by greed and hate, or fear.

Keep Your Red Cross Ready

Twenty-one years ago, peace was declared after the most bitterly fought war in the history of the world. The American Red Cross had played a major part in that war, from the day of its beginning in August 1914, when ambulance units, doctors and nurses had been sent impartially to belligerents. After April 1917, when our own nation was involved, the American Red Cross became literally "the greatest mother" to the four million men engaged in the conflict, at home and overseas.

The American Red Cross had similarly discharged its obligations under its charter to the men who served in 1898 in the Spanish American War. As an impartial and neutral organization, the American Red Cross, as you well know, for 58 years has been this nation's expression of mercy—an organization which has carried its strength to the scene of all forms of human suffering, whether in peace or in war.

Today, after 21 years of peace, Europe's great powers are again at war. Apprehension and uncertainty along with the threat that entire populations may be bombed from the sky sullenly hangs over Europe like an ominous cloud. Already casualties have mounted into the thousands.

Unconcerned with the origin of this conflict, the American Red Cross already is pursuing the duties set down by the Treaty of Geneva. That obligation, fundamentally, is to relieve human suffering—impartially. Already medical supplies have been sent to Poland. More than 3,700 Chapters are taking part in a production program to make gas masks for the war.

Yet the problems confronting the American Red Cross are not confined to war operations. Here in the United States suffering is a stern, everyday reality. The Red Cross which you and millions of other Americans support each year with your memberships is fighting suffering and death 24 hours a day, in every state in the union.

The following facts show graphically why you, the people of America, must keep your Red Cross ready—maintain it at full strength to meet the challenge of accident and disease:

The United States has more accidental deaths per capita than any other nation. Every five and one half minutes there is a preventable fatality. Each third second someone is seriously injured. Disaster strikes in America every third day. And communicable disease—the social accident of too many people living too close together, of carelessness and ignorance and poverty—takes an annual toll of nearly 200,000.

Only by taking the causes of death singly can we show how desperate is the need for an augmented Red Cross membership. At many points along the battle front accident and disease have been checked; they must be stopped at all points and driven back relentlessly. Give the Red Cross more members and it will give you fewer injuries, less suffering, speedier mobilization to fight death and want and human distress.

Last year automobile accidents killed 32,400 men, women and children. Crippled numbered 90,000 and injured 1,150,000 persons. If cold figures alone can shock, certainly these must. Is an automobile fender more deadly than the armaments of war?

The Red Cross took a realistic view of this problem and in 1938 launched a national campaign to check increasing accident fatalities on the highway. Until legislation came, the Red Cross was engineering—retarding—unlawful speeds and forcing a more universal regard for traffic regulations—roadside care for those who were injured seemed the most pressing need.

Express highways and improved rural roads have resulted in accidents at scenes far removed from medical care. What could be done to eliminate the "wait that killed"—to cut down the too often fatal time-lag between the occurrence of the accident and arrival of physician or ambulance?

The answer was to bring emergency first aid skill to the roadside; and this, the Red Cross did. Emergency highway first aid stations were established at police-substations, rural fire departments, gasoline service stations—usually at dangerous intersections on through highways between towns and villages. These stations were stocked with first aid equipment and their owners and operators given first aid training.

Now there are more than 5,000 highway emergency stations and Red Cross mobile first aid units functioning from coast to coast. Every day in the year a Red Cross highway first aid gives emergency care to some traffic victim. Arterial bleeding is stopped, fractured limbs splinted, and the injured person delivered into the hands of the medical profession in the best possible condition.

The efficiency of these highway stations has been proved time and again. The need for increasing the number of these trained Samaritans is apparent. Tomorrow a member of your family, your neighbor, your friend may be the victim of a traffic accident far from medical aid. Perhaps your membership dollar will be instrumental in establishing the Red Cross highway first aid station whose attendants, through application of special skill and knowledge, will keep the spark of life glowing until an ambulance arrives. This is one way to keep your Red Cross ready—ready in your community and throughout the nation.

Across the River

Eagle, have we ever been any thing else but serious and solemn? Somebody might say the idea that heretofore we had written frivolous things! Maybe tho', geology, typing, ge-

ography, history, and a few other subjects plus a five o'clock rising signal to get a hurried breakfast and wash the dishes and scurry into school clothes and take a 10 mile ride to make an eight o'clock class as well as other classes to four o'clock, then a ride again to get at the neglected house work and maybe a little installment plan laundry and supper and more dishes and a little studying might make the most care-free a bit more serious.

I'm telling you we live on business corner now, what with all the brain work we do on the upper floor, and all the garage work the brother, Rainey, does on the ground floor. Eagle, if you pass along and see lights burning on both floors and hear motors chugging and miscellaneous other deafening noises on the inside, that isn't the brain cogs turning. That accompanies the garage and the little mechanic didn't stop to call a day until 2 a. m. Saturday night. That happened to be the night my mother and dad chose to spend a quiet visit with us in the new home.

Our callers Sunday were Mrs. Clay McClure, her sister, Mrs. Elia Moody and husband, former toll keeper at Scott-Fishburg bridge. Mr. and Mrs. Albert Smith, Mr. and Mrs. Clifford Smith and Harry, Mr. and Mrs. Otis Lovins and children, Misses Smith, Coleman and Morelle Clendenen, Mr. and Mrs. Porter McCuiston, Mr. and Mrs. Kelly Smith, and Oury Lovins.

Rev. Herbert Lax filled his regular appointment at Sulphur Springs Sunday and will preach next Sunday there too.

Whooping cough is all the rage in Concord. High at present. Well, I've had that.

Was sorry to hear of the deaths of Mrs. Dorothy Garner and "Uncle Jeff" Kimbro, and of the illness of others.

Mr. and Mrs. Otis Lovins' dinner guests Sunday were Mr. and Mrs. Robert Walker and Mr. and Mrs. Guy Lovins.

Guess I missed something worth while when I missed the quilting at Mrs. Cora Lee McCuiston's where over 40 women quilted out four quilts.

Believe me women, "Home keep."

ing hearts are happiest." I wanted to take agriculture at school but the hubby thought it undesirable.

Well, I just don't remember many current events and I could not begin to tell the visiting that took place over the week. From our Concord corner it looks like all were going so till there's more time, Aurevoir.

Stella Gossip

After our pleasure trip to Paducah Friday the 13th which was somewhat complicated—I am sitting clothed in my right mind.

Was in Murray Saturday p. m. Editor John Neal was "in" but Ed and Ralph had gone to the ball game at Paducah. O law must look at Sam; ate all the meat and soppin' out the pan!

I saw Bill Tom Walker my first time out Newberg-Roddenessway. Like me, he is old(?) so what tongue tied, while I am half deaf in one ear and can't see good out of the other one. I told Jim White about my medicine, he said: "I'm not sick" and went hobbling off on a walking stick. Weren't sick, eh?

Hecht Lackey of Paducah spoke through loud speaker urging voters to vote straight Democratic ticket next Nov. 7th.

It is remarkably strange that some people will not be true to their obligations. Just look at me! I lost (?) about half my votes in August Primary.

I will vote smack dab under the Rooster. So will John Young Brown and Senator Barkley. I insist that every woman voter go and vote which is their privilege and duty. I'm not oneezy—I and if I have quit guessing on the rain

question. But wild geese know when to flee Southward from cold winter blast. Last week they played their harps for me. I wonder, yes I wonder will the angels play their harps for you?

Connie Mills finished gathering corn last week. Hitched—black mules to the disk and cover corn stalks and cut, down ridges. The land is to be sown in grass and Jap clover seeds. Don't ever despair of a World War veteran. They know zackly how to win.

Mac Pickels, 18, (my grandson) surely was the hero in a notable football game in San Antonio, Tex. Figured in on every scoring play in 20-0 victory. The Alno Heights Mules defeated the Stockdale Brahmas 20 to 0. Hurrah for ole "Eagle" and . . . The play came out in big headlines in San Antonio Express on front page.

A great number have gone to work in Detroit but during the Christmas holidays will come back home to stay with Paw and Maw until next spring. Most of them will be BROKE, flat as a jonny cake! Are you listening?

Will Ray went to the woods out down a green sapling and left jags on it to use as footholds. He put it down in his cistern and descended to the bottom and cleaned her out alright. But on coming up he got tangled in the little neck of the cistern and had to be rescued. Money could not hire me, old as I am, to go down in an empty cistern on a green sassafras pole. Say, did you ever hear tell: Jonah swallowed the whale?

Yes, Kentucky Bell. "Eagle" picture demonstrates that the man or woman has not been born that never made a mistake. What a paradox!!—"Eagle"

B. T. Stubbs and Mary Lee Are Wed Thursday Morning

ROSEBUD, Tex., Oct. 25.—At a wedding ceremony at the Methodist church, witnessed by only two people, Miss Mary Lee became the bride of Byron T. Stubbs Thursday, September 14, 1939, at 11 a. m., with the Rev. Darwood Blackwell, pastor, officiating. Both have many relatives in Murray.

The couple left immediately after the ceremony, and after removing tin cans, old shoes, etc., tied onto their car by the Boy Scouts during the marriage rites, for a wedding trip to parts unknown, to return this week-end in time for the opening of the school.

The bride is the daughter of Mr. and Mrs. R. L. Lee of Rosebud. She came to Rosebud in 1927 from Commerce, Tex., as teacher of high school English, and has held that position in Rosebud High School since that date. She is a graduate of the East Texas State Teacher's College, Commerce, Tex., holding the Bachelor of Arts degree from that institution, and she is a Master of Arts from the State University, Austin, Tex. During her twelve years as a citizen of Rosebud she has been an outstanding citizen, serving not only as teacher but also taking active part in community and church life, proving valuable in every walk.

Mt. Stubbs is a native of Rosebud, son of Mrs. S. E. Stubbs of Rosebud. He is a graduate of Rosebud High School, and an ex-student of Texas University, Austin, Tex. When radio was first introduced, back in the early 1920's he was an interested student of radio, and interested himself in its study. He built one of the first sets in the community, and radio has been his hobby and his business since then. As a youth he was a member of the Boy Scouts, and his interest in this work was also intense, and when he was too old to be a Scout he became a Scoutmaster. Throughout the years, as Scoutmaster, he has touched the lives of hundreds of Rosebud youths of Scout age, and has had a large part in their training and development in this section because of his Boy Scout activities. He has given generously, maybe too generously, of his time in the interest of the youths of this territory.

Mr. and Mrs. Stubbs will make their home in Rosebud. Mrs. Stubbs will continue as head of the English department in Rosebud High School. Byron will continue to doctor radios and engage in the electrical business. They will be at home in the Stubbs home in Rosebud.

Tobacco is Ruled Best of All State's Cooperative Marketing Crops

LOUISVILLE, Ky., Oct. 25.—In dollar value and association membership the marketing of tobacco continues to be Kentucky's leading cooperative activity, according to John E. Brown, president of the Louisville Bank for Cooperatives. Based on the most recent survey conducted by the Farm Credit Administration, Brown reports that more than 37,000 Kentucky tobacco planters elected to send their tobacco to market by the cooperative route. Their 32,000,000 pounds brought \$8,900,000, slightly more than half the total business done by all cooperative associations in Kentucky during the year. For second place in importance livestock holds a lead over dairying, with fruits and vegetables coming next. Although marketing farm products constitutes about 99 per cent of the cooperative activity in the state, Kentucky farmers have made progress in the cooperative purchasing of supplies used in producing their crops. The cooperative movement among farmers of Kentucky received its first great impetus through the interest and support of the late Judge R. W. Bingham. Brown explained:

KENTUCKY DEMOCRATS Lets Show the Nation

We Are Proud of and Appreciate the Record of Achievement Made by Our STATE AND NATIONAL ADMINISTRATIONS

THE FORGOTTEN MAN during the last few years has come into his own, with the New Deal's Social Security program working in his behalf, WPA, PWA, the CCC, Old-Age Assistance and other agencies are DEMOCRATIC in origin and the Republican Party has never put forward anything to take their place, although criticizing and seeking to curtail or eliminate these governmental relief organizations.

THE FARMER, through the Agricultural Adjustment programs has been greatly aided, his income materially increased, in many instances his farm saved by the DEMOCRATIC NATIONAL ADMINISTRATION.

THE LABORING MAN has won recognition of his honorable contribution to the nation's welfare during the DEMOCRATIC administration of Franklin D. Roosevelt as never before. Hours and wages have been regulated for the benefit of the Laborer, Job Insurance has come about, the right to bargain with employers is guaranteed and Labor's cause greatly advanced.

BUSINESS AND INDUSTRY have been safeguarded by the DEMOCRATIC administration at Washington. Wall Street has been regulated for the protection of small investors.

BANK DEPOSITS have been INSURED by the DEMOCRATIC national administration and essential industries have been aided by government loans during this DEMOCRATIC national administration.

KENTUCKY HAS MADE MORE PROGRESS during the last DEMOCRATIC STATE ADMINISTRATION than in the previous generation and a half. The State Debt of more than \$28,000,000 has been reduced to \$6,000,000 during the present STATE DEMOCRATIC ADMINISTRATION.

KENTUCKY HAS A BALANCED BUDGET and is living within her income, a great accomplishment of the present DEMOCRATIC STATE ADMINISTRATION, at a time when governmental units everywhere are staggering under huge debts and the people of other states and nations are heavily burdened by taxes.

KENTUCKY'S SCHOOL CHILDREN are receiving the highest per capita allotment in the history of the state under this DEMOCRATIC ADMINISTRATION.

COMPLETE REHABILITATION of the State's penal and charitable institutions has been undertaken under this DEMOCRATIC STATE ADMINISTRATION and Kentucky will rank first among the states in caring for her unfortunate citizens when this program is completed under another Democratic administration.

KENTUCKY HAS COME A LONG WAY forward under DEMOCRATIC administrations in recent years. The progress thus begun should be continued and this can be guaranteed only by a continuation of DEMOCRATIC control of the State's affairs.

FAR FROM OFFERING SOMETHING BETTER than the accomplishments which have come to the Nation and to Kentucky under DEMOCRATIC ADMINISTRATIONS, the REPUBLICAN party, in State and Nation, has not presented any program for meeting the great needs and emergencies of the hour and has "ONLY A STARK AND NAKED POLITICAL APPETITE" as its excuse for asking political preference in Kentucky this year.

THE EYES OF THE NATION are upon Kentucky and the result of the election Tuesday, Nov. 7 will have great influence up the Presidential election in 1940.
